

## CCI & PCI Certification Comparison

PROGRAM POINTS	CCI	PCI	EXPLANATION
Specifications Followed: PCI MNL-116	✓	✓	
Approved Quality Control Manual	✓	✓	
Inspection Frequency: Biannual Unannounced	✓	✓	
QC Personnel Required: PCI Level I,II,III	✓	✓	
Inspection Duration: Full Cycle	✓	✓	
Specification Enhancement Potential	✓		CCI program can be adjusted to meet special specification needs of States or projects.
Mandatory Pass/Fail Items	✓		Critical production procedures not met result in immediate failure.
Plant Driven Quality Control Committee	✓		All CCI plants sit on a QC committee to enhance inspections and identify opportunities for change.
Batch Plant Operator Certification Option	✓		CCI offers an optional batch plant operator certification.
Batch Plant QC Manager Certification Option	✓		CCI offers an optional Batch Plant QC manager certification.
Inspector Qualifications 10yrs/Level III	✓		Only CCI requires a minimum of 10 yrs. Precast experience to qualify.
Inspection Cost: \$8K Maximum/Yr.	✓		CCI does not raise rates according to plant size. PCI has sliding scale based on sales.
No Membership Required	✓		CCI does not require additional funds for membership. PCI Membership is the same as certification costs.
